

1617

T. K. CHERESKIN & G. A. TARLING

Interannual to diurnal variability in the near-surface scattering layer in Drake Passage

1627

G. PETIHAKIS, C. J. SMITH, G. TRIANTAFYLLOU, G. SOURLANTZIS, K-N. PAPADOPOULOU, A. POLLANI, & G. KORRES

Scenario testing of fisheries management strategies using a high resolution ERSEM-POM ecosystem model

1641

M. DICKEY-COLLAS, M. A. PASTOORS, & O. A. VAN KEEKEN

Precisely wrong or vaguely right: simulations of noisy discard data and trends in fishing effort being included in the stock assessment of North Sea plaice

1650

M. R. HEATH

The consumption of zooplankton by early life stages of fish in the North Sea

1664

G. R. CUTTER JR & D. A. DEMER

Accounting for scattering directivity and fish behaviour in multibeam-echosounder surveys

1675

R. T. BARRETT, C. J. CAMPHUYSEN, T. ANKER-NILSSEN, J. W. CHARDINE, R. W. FURNESS, S. GARTHE, O. HÜPPOP, M. F. LEOPOLD, W. A. MONTEVECCHI, & R. R. VEIT

Diet studies of seabirds: a review and recommendations

1692

C. J. SMITH, A. C. BANKS, & K-N. PAPADOPOULOU

Improving the quantitative estimation of trawling impacts from sidescan sonar and underwater video imagery

1702

R. B. MCAULEY, C. A. SIMPFENDORFER, & I. W. WRIGHT

Gillnet mesh selectivity of the sandbar shark (*Carcharhinus plumbeus*): implications for fisheries management

1710

R. B. MCAULEY, C. A. SIMPFENDORFER, & N. G. HALL

A method for evaluating the impacts of fishing mortality and stochastic influences on the demography of two long-lived shark stocks

1723

R. ROA-URETA & E. NIKLITSCHKE

Biomass estimation from surveys with likelihood-based geostatistics

1735

C. KRAAN, T. PIERSMA, A. DEKINGA, A. KOOLHAAS, & J. VAN DER MEER

Dredging for edible cockles (*Cerastoderma edule*) on intertidal flats: short-term consequences of fisher patch-choice decisions for target and non-target benthic fauna

1743

SHORT COMMUNICATION

C. GESTAL, A. GUERRA, & S. PASCUAL

Aggregata octopiana (Protista: Apicomplexa): a dangerous pathogen during commercial *Octopus vulgaris* on-growing

1749

I. G. JÓNSDÓTTIR, G. MARTEINSDÓTTIR, & S. E. CAMPANA

Contribution of different spawning components to the mixed stock fishery for cod in Icelandic waters

1760

J. F. WALTER III, J. M. HOENIG, & T. GEDAMKE

Correcting for effective area fished in fishery-dependent depletion estimates of abundance and capture efficiency

1772

J. K. NIELSEN, S. J. TAGGART, T. C. SHIRLEY, & J. MONDRAGON

Spatial distribution of juvenile and adult female Tanner crabs (*Chionoecetes bairdi*) in a glacial fjord ecosystem: implications for recruitment processes

1785

M. M. MARTINS

Growth variability in Atlantic mackerel (*Scomber scombrus*) and Spanish mackerel (*Scomber japonicus*) off Portugal

1791

J. P. HOOLIHAN & J. LUO

Determining summer residence status and vertical habitat use of sailfish (*Istiophorus platypterus*) in the Arabian Gulf

1800

H. M. FRASER, S. P. R. GREENSTREET, & G. J. PIET

Taking account of catchability in groundfish survey trawls: implications for estimating demersal fish biomass

1820

A. FARAJ & N. BEZ

Spatial considerations for the Dakhla stock of *Octopus vulgaris*: indicators, patterns, and fisheries interactions

1829

F. S. MOTTA, R. C. NAMORA, O. B. F. CADIG, & F. M. S. BRAGA

Reproductive biology of the Brazilian sharpnose shark (*Rhizoprionodon lalandii*) from southeastern Brazil

1836

Ó. A. INGÓLFSSON, A. V. SOLDAL, I. HUSE, & M. BREEN

Escape mortality of cod, saithe, and haddock in a Barents Sea trawl fishery

1845

Referees

1848

Index to Volume 64

Recent Publications of the International Council for the Exploration of the Sea

ICES Marine Science Symposia Vols. 224–226

This series contains the scientific papers and proceedings of symposia or special meetings convened by ICES alone or in cooperation with other organizations. Recent volumes include:

- Volume 224: “Gadoid Mariculture: Development and Future Challenges”. Proceedings of an ICES Symposium held in Bergen, Norway, 13–16 June 2004.
Guest Editors: Olav Sigurd Kjesbu, Geir Lasse Taranger, and Edward A. Trippel
Size: 214 pages *Price:* 500 Danish kroner
- Volume 225: “Interactions between Aquaculture and Wild Stocks of Atlantic Salmon and Other Diadromous Fish Species: Science and Management, Challenges and Solutions”. Proceedings of an ICES/NASCO Symposium held in Bergen, Norway, 18–21 October 2005.
Guest Editor: Peter Hutchinson
Conveners: Lars P. Hansen and Malcolm L. Windsor
Size: 214 pages *Price:* 500 Danish kroner
- Volume 226: “Fisheries Management Strategies”. Proceedings of an ICES Symposium held in Galway, Ireland, 27–30 June 2006.
Guest Editor: Niels Daan
Conveners: Paul Connolly and Jake Rice
Size: 292 pages *Price:* 550 Danish kroner

ICES Techniques in Marine Environmental Sciences Nos. 37–40

This series presents detailed descriptions of methods and procedures relating to chemical and biological measurements in the marine environment. Most techniques described have been selected for documentation on the basis of performance in ICES or other international intercalibration or intercomparison exercises: they have been carefully evaluated and shown to yield good results when carefully applied. They have also been subject to review by relevant ICES working groups.

- Number 37: Biological effects of contaminants: use of intersex in the periwinkle (*Littorina littorea*) as a biomarker of tributyltin pollution
Size: 22 pages *Price:* 88 Danish kroner
- Number 38: Biological effects of contaminants: Use of liver pathology of the European flatfish dab (*Limanda limanda* L.) and flounder (*Platichthys flesus* L.) for monitoring
Size: 42 pages *Price:* 88 Danish kroner
- Number 39: Review of analytical methods for determining metabolites of polycyclic aromatic compounds (PACs) in fish bile
Size: 41 pages *Price:* 88 Danish kroner
- Number 40: Biological effects of contaminants: measurement of scope for growth in mussels
Size: 30 pages *Price:* 60 Danish kroner

ICES Cooperative Research Report series Nos. 275–285

This series presents reports and selected papers on cooperative research activities organized by the Council or based on material presented at ICES meetings, including the ICES Annual Science Conference. The latest numbers are:

- Number 275: The Annual ICES Ocean Climate Status Summary 2004/2005
Size: 57 pages *Price:* 80 Danish kroner
- Number 276: Zooplankton Monitoring Results in the ICES Area: Summary Status Report 2003/2004
Size: 34 pages *Price:* 80 Danish kroner
- Number 277: The Intentional Introduction of the Marine Red King Crab *Paralithodes camtschaticus* into the Southern Barents Sea
Size: 21 pages *Price:* 60 Danish kroner
- Number 278: Description of the ICES HAC Standard Data Exchange Format, Version 1.60
Size: 86 pages *Price:* 60 Danish kroner
- Number 279: Protocol for the Use of an Objective Mesh Gauge for Scientific Purposes
Size: 8 pages *Price:* 40 Danish kroner
- Number 280: ICES Report on Ocean Climate 2005
Size: 48 pages *Price:* 70 Danish kroner
- Number 281: ICES Zooplankton Status Report 2004/2005
Size: 44 pages *Price:* 90 Danish kroner
- Number 282: Incorporation of process information into stock-recruitment models
Size: 152 pages *Price:* 90 Danish kroner
- Number 283: Alien Species Alert: *Undaria pinnatifida* (wakame or Japanese kelp)
Size: 37 pages *Price:* 60 Danish kroner
- Number 284: Status of introductions of non-indigenous marine species to the North Atlantic and adjacent waters 1992–2002
Size: 149 pages *Price:* 80 Danish kroner
- Number 285: Results of the Spring 2004 North Sea Ichthyoplankton Surveys. The Distribution of Fish Eggs and Larvae from the International Ichthyoplankton Survey.
Size: 59 pages *Price:* 60 Danish kroner

ICES Advice

This publication series combines the advice from the three advisory committees (Advisory Committee on Fishery Management (ACFM), Advisory Committee on Ecosystems (ACE), and Advisory Committee on the Marine Environment (ACME)).

For 2006, Volume I contains an Introduction and General Advice, including answers to special requests from commissions and governments.

Volumes 2–11 each contain the ICES advice for a specific area, including ecosystem issues, answers to special requests, and stock summaries.

A free downloadable version is available at www.ices.dk/products/icesadvice.asp. For a hard copy, the price for a full set is 770 Danish kroner. The volumes can also be purchased separately.
